

Postharvest Management of Mediterranean Crops

9° Convegno GDL SOI Postraccolta

17-19 September Palermo, Italy

Call for Abstracts (deadline 12 April 2025)

The SOI Post Harvest Group, established in 1994, proudly marks its 31st anniversary with a joint meeting with the SECH Postharvest and Industry Group. This landmark symposium aims to strengthen international collaboration between scientists from both Countries dedicated to advancing postharvest science and technology.

Submit Your Abstract

We invite researchers, industry experts, and students to submit abstracts for oral and poster presentations addressing the latest innovations, findings, and challenges in postharvest science and technology. Submissions are welcome on, but not limited to, the following topics:

Submit Your Abstract

We invite researchers, industry experts, and students to submit abstracts for oral and poster presentations addressing the latest innovations, findings, and challenges in postharvest science and technology. Submissions are welcome on, but not limited to, the following topics:

Advanced Postharvest Precision Technologies and AI: Cutting-edge tools, including artificial intelligence and precision technology, for managing postharvest horticultural products and ornamentals.

Preharvest Management, Postharvest Ripening, Quality Evaluation, and Preservation: Innovations in managing the pre- and postharvest phases to enhance product quality and shelf life.

Postharvest Biochemistry and Physiology of Fruits, Vegetables, and Ornamentals: Insights into the biochemical and physiological transformations postharvest and their impact on product integrity.

Safety and Sustainability in Postharvest Management: Sustainable practices and safety measures ensuring quality and environmental responsibility.

Minimal Processing and Innovative Packaging: Novel approaches to reduce processing while improving packaging to extend shelf life and reduce waste.

Biotic and Abiotic Factors Affecting Shelf Life: Strategies to understand and mitigate factors influencing product longevity.

Abstract Guidelines

Abstracts must be:

Written in English.

Limited to 300 words, excluding title, author names, and affiliations.

Submitted in Word or PDF format.

Include:

Title of the presentation.

Names and affiliations of all authors.

Corresponding author's email address.

Submission Deadline

Abstracts must be submitted no later **than April 12, 2025**. Late submissions will not be considered.

Submit your abstract via mail: postharvestmed2025@gmail.com.

Why Present at the Symposium?

The 9th Symposium on Postharvest Science offers a unique platform to:

Showcase your research to an international audience.

Engage with leading experts in the field.

Collaborate and network with peers and industry professionals.

Join us in Palermo to shape the future of postharvest science and technology!
